## *Our* Services

**Home Care Assistance** provides carefully screened, professional caregivers matched to client preferences to help older adults live safely and independently in their own homes. Each client enjoys the 24/7 support of a full Care Team, including a Client Care Manager who ensures the highest standards of care are met for the entire length of service. This affords each client and his or her family complete peace of mind.

**24 Hour Care.** Home Care Assistance is the leading provider of around-the-clock care for homebound older adults. We provide consistent, compassionate caregivers who provide care 24 hours a day, seven days a week. Our Care Team is always available to respond to a question or a crisis.

**Hourly Care.** Hourly care allows clients to schedule our caregivers on a part-time or as-needed basis. Our caregivers provide clients with safety, companionship and emotional support, even during hospital stays or if a family caregiver needs a break. Hourly care clients remain in a familiar environment while receiving the support they need to enjoy their regular routine.

**Careful Screening of our Employed Caregivers.** Most caregivers are licensed, bonded and have at least two years of professional experience working with older adults..

**Balanced Care and Cognitive Therapeutics.** We offer proprietary programs unique in the industry, which include our Balanced Care Method™, a holistic approach to health and wellness for older adults, and our Cognitive Therapeutics™, a lifestyle program designed to promote long-term brain health in our clients. In addition, we manage all costs associated with employment, including taxes, benefits and worker's compensation insurance.

**Trusted Partners.** Home Care Assistance complies with all laws and regulations that govern our industry. We will ensure our care plan matches and supports the plans and goals you have for your client. Our client references and third-party satisfaction surveys speak to the positive experience that clients and referral partners have with Home Care Assistance.

## *Our Commitment to* Quality of Care

Frailty, chronic illness, forgetfulness and caregiver burnout can compromise the safety and wellbeing of an older adult. When a senior is at the center of challenging family dynamics, the situation can quickly become a care crisis.

**Home Care Assistance** has earned a trusted reputation as a leading provider of care for older adults. With years of experience in geriatric psychology and care management, we are the preferred in-home care provider for senior and health care professionals throughout North America.

## *Teaming for* Care

We work with a wide range of financial, court appointed and Aging Life Care Professionals to provide a high-caliber care solution for their clients. Most seniors prefer to age in their own home. Having a proactive versus reactive approach to care for your clients is the best way to help them age in place. Let's discuss how we can work together to provide seniors and their families with the best possible care.
